* Any commissions or fees are rounded up to the maximum accuracy available by the client's platform

* Average Spreads are applicable under normal trading conditions. It is possible that during high volatility, news time or outside regular trading hours that the spreads may be increased.

* Swap charges for each instrument can be found in the trading platforms. If you need any further information on how to find them please feel free to contact us.

* Any commissions or fees are rounded up to the maximum accuracy available by the client's platform

* Average Spreads are applicable under normal trading conditions. It is possible that during high volatility, news time or outside regular trading hours that the spreads may be increased.

* Swap charges for each instrument can be found in the trading platforms. If you need any further information on how to find them please feel free to contact us.
